

Remarks/Arguments:

Applicant again thanks Examiner Ho for the careful examination of this application and clear and detailed explanation of the claim rejections and for allowing claims 15-22.

In response to the Office action, applicant amends the application as follows:

1. Applicant amends claim 15 to describe the invention more clearly without changing its scope.
2. Applicant cancels claims 1-14, 23-36 from examination at this time so this application is in allowable form.

Respectfully submitted,
